==========
INSTRUCTIONS: Challenge the System - Test the Truth
==========

Step 1: Download the Files

Download the following:

- Clearing Gods' Name (PDF or TXT format)
- The SBL paper (optional, but recommended)
- This instruction set (included)

Step 2: Open ChatGPT (or another AI assistant)

You can use:

- chat.openai.com
- Any private version of ChatGPT
- Other models like Claude, Gemini, etc.

For best results, use GPT-4 or higher.

Step 3: Upload the Book

If your AI supports file upload:

- Upload the PDF or TXT version of Clearing Gods' Name

If it does not:

- Copy and paste the introduction and a few chapters at a time
- Or paste the entire SBL paper if using that

Step 4: Ask These Questions, In Order

Use the exact wording or copy and paste the following:

1. "Summarize the author's argument in this book."

2. "What is the main theological claim being made?"
3. "List every scripture the author uses to support the claim."
4. "Can this claim be disproven using the King James Bible?"
5. "Does this interpretation solve the contradictions between the Old and New Testament?"
6. "Does this explain why Jesus contradicted Moses?"
7. "Who is the LORD (Jehovah) in this interpretation?"
8. "Who is the God of Genesis 1 according to this interpretation?"
9. "Is this the same as the traditional Christian understanding?"
10. "If the author is correct, what are the implications for modern religion?"
11. "Now pretend you are the author. Defend this position against common criticism."
12. "What historical or scriptural evidence outside the Bible might support this?"

Optional for advanced users:

- "Does this interpretation align with the Dead Sea Scrolls or the Nag Hammadi Library?"
- "Compare this with the traditional doctrine of divine unity in mainstream theology."

Step 5: Decide for Yourself

Do not rely on the AI's final answer. Read the scriptures yourself.
Use the AI to test, press, and refine; but not to replace your own discernment.

This is not about winning an argument.
It is about uncovering the truth that was hidden in plain sight.

Step 6: Share the Truth

If what you discover moves you:

- Share the book
- Share your experience
- Share the questions
- Invite others to do the same

You are now part of something greater than yourself. You are helping awaken the whole world to the Truth.

With Love,
